MEMORANDUM

To: M.S.A.D. No. 75 Community
From: Peg Armstrong, Interim Assistant Superintendent
Date: Tuesday, April 30, 2019

RE: May 28 and last day of school

At this point in time, the District has had six school closure days due to unsafe road conditions. This means that our last day of school for teachers and students is Friday, June 21. It is a half day for students and a full day for teachers. There are no other changes to the school year calendar. May 28, 2019 is still a full professional development day.

In the event that we do need to make more changes to the 2018-19 calendar, we will communicate that to you. Thanks for your flexibility and understanding.
