

**Maine School Administrative District #75  
Technology Advisory Committee**

The District reinstated its technology advisory committee in February of 2004. It is the goal of the committee to help guide the policy and decisions for school district technology by providing a broad base of input to the technology plan. The committee is advisory in nature, enabling the district to gather ideas and information to help meet the technology challenges facing the district.

Current members of the committee include:

Michael Wilhelm, Superintendent of Schools, wilhelmm@link75.org

Patrick Grotton, School Board of Directors, pgrotton@hotmail.com

Michael Baker, Director of Technology, bakerm@link75.org
